

# BRITISH ASSOCIATION OF ART THERAPISTS

## NOTES ON TRAINEE MEMBERSHIP

Trainees must be students currently attending a Post Graduate Diploma in Art Therapy course at a validated training establishment in the UK.

### Benefits

As a trainee member you will receive the Inscape journal twice a year, the Newsbriefing (BAAT newsletter) four times a year and also news bulletins by email. Membership will also entitle you to attend meetings of your local regional group and subsidised training sessions and workshops at BAAT.

### Representation

Each of the training colleges has a student representative on the BAAT council. Student representatives feed back issues being discussed at council to the student membership and bring forward concerns to the council from the student body. If your college does not currently have a student representative and you would like to stand please do contact the BAAT office for further information.

As a trainee member you are also warmly invited to the BAAT AGM which takes place in May of each year.

To apply, please complete the application form overleaf, and send to the above address with a cheque for £40.00 and **proof of acceptance on a Post Graduate Diploma in Art Therapy training course.**

### Annual Subscription Rates

Trainee (Part time and Full time)	£40.00
-----------------------------------	--------

**NB** Trainee membership is only valid while you are training, regardless of the month of joining. We therefore recommend that students take out membership at the beginning of the course year to benefit from a full year's subscription in their last year of training. BAAT cannot refund, or deduct from full membership fees, any subscriptions that have not run for a full year.
