This five-day programme working with Professional Actors & Directors is an incredible opportunity to explore talents & to work together as a team. The young performers will create an end-of-week show in this great theatre space.

Siblings Together volunteers will be in support to create photo albums & together with art work.

Social Workers: please get in touch if you would like to discuss a referral of a sibling group whom you know would appreciate Performance. If places have been filled, the group can listed for possible later programmes. Photo albums are developed as part of our camps & contact initiatives. Siblings will be attending a Young Vic Theatre performance together in early February.
